

Serial No. 10/655,779

AMENDMENTS TO THE SPECIFICATION:

Please replace the paragraph beginning on page 5 at line 27 with the following amended paragraph:

In the example shown here, the generator holder 14 constitutes also a gas bag holding element, so that the generator holder 14 together with the gas generator 12 fastened thereon can be inserted into a gas bag (not shown). On the generator holder, ~~bolts 23~~ bolts 34 are arranged extending in axial direction A, which at the same time serve to fasten the gas bag to the generator holder 14 and to fasten the generator holder 14 to a module housing or to a vehicle.
